1. INTRODUCTION

Youth For Christ Uganda has existed for the last 26 years with a vision for reaching young people with the gospel, education and compassion of Jesus Christ. One of our Projects is called Leadership Development where we train young leaders to grow in leadership, godly character and ability to take up leadership positions in order to positively influence our communities. We have trained more than 370 leaders in schools, churches and communities who have led to transformation in their environments.

2. PROJECT

The project aims at the continued leadership development and multiplication of Godly leaders in Central, Eastern and Northern Uganda. These activities will be carried out in our offices of Kampala, Iganga-Idudi and Omoro Districts. Evangelism, discipleship, life skills education and leadership training are the core activities of the project.

The project activities will include provision of leadership training for prefects in school, community leaders and young leaders, Leadership talks in school and communities. In addition, Evangelism, life skills education, sports ministry will be carried out to encourage youth to lead themselves well by making informed decisions about their lives. Discipleship classes will be taught to some youth to help them grow in the knowledge of God and firm Christianity.

Over the last two years carrying out the project, we have seen great impact the lives of the young leaders who graduated, taking up positions of influence, youth leaders in schools, churches and communities practicing godly leadership and positively influencing peers and youth living exemplary Christian lives, staying in school and positive influences. Therefore, the project aims at increasing our influence in training 30 young leaders, 150 youth leaders/prefects and reach 7,000 young people in our leadership talks. The project primary targets youth between 12-23 years.

3. OBJECTIVES

- Develop Godly leaders
- Encourage behavior change and spiritual development young people.
- Encourage godly young people to take up leadership positions.
- Increase Morality, godly values and character in our communities.

4. The difference the project will bring to the target group.

Our country suffers a leadership crisis and our hope is that this project will help bring holistic change of the young people who are our tomorrow leaders, positively transform families, influence schools and communities in which they live. They include:

1. Developing Godly leaders with ability to lead themselves and others.
2. Young people will have capacity to take up positions of influence in which they will transfer godly values, character and leadership to others and community.
3. Young people will be able to discover and pursue their God given call/purpose leading to growing of the kingdom of God.
4. In communities, decrease in moral decay, more young people and parents appreciating our services and to YFC Uganda, it will lead to increased opportunities to preach the gospel, train leaders and community transformation.

5. BUDGET

The project needs \$19,000 (71,250,000) per year.

6. CONCLUSION

This job is immense but doesn't mean we can't do it, we have the capacity to train these young people. Be a vital part to this ministry with your gift and prayers of any amount will make a great transformation in the lives of the young people. Be a part of this partnership, Be involved in this initiative. Let us change the fortunes of this great nation.
