STORY OF A CHANGED LIFE

Sarah is so thankful to God for the wonderful opportunity she has received. Sarah's life has changed in many ways: she now has a positive attitude towards life, takes the habit of saving money very seriously than before, has improved her self esteem, can interact with others well, believes in herself, can confidently plan for her future, has learnt to make different tailoring items and also learnt how to control her anger. She is most happy when she manages to make and finish an item on her won and with less effort. After this course, she plans to start her own tailoring business. Joweria thanks God for the thoughtfulness of our partners to decide to care about them and give them an opportunity to do something for themselves. She enjoys tailoring and is very good at making all the different items they have been taught. She has learnt how to deal with different situations and different people in life, forgiving others, being friendlier, caring for her child in a positive way and is now very confident that she can start her own business. She plans to look for a job, save money and later start her tailoring business. She also plans to learn hairdressing so that she can be able to have more than one source of income.

Esther is so happy for being a part of this great opportunity. She has spiritually grown, works well with others, controls her anger very easily, enjoys making skirts, dresses and shirts, has learnt how to take care of herself better and is more aware of who she really is.
